VOL. XXIII

RENO, WASHOE COUNTY, NEVADA, FRIDAY, JUNE 3, 1887.

NO. 54

"I Love Her Better Than Life." Well, then why don't you do something to bring back the roses to her cheeks and the light to her eyes? Don't you see she is suffering from nervous debility, the result of female weakness? The bottle of Dr. Pierce's "Favorite Prescription" will brighten those pale cheeks and send new life through that wasting form. If you love her, take heed.

**Over-Worked Women.**

For "worn-out," "run-down," debilitated school teachers, millers, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's "Favorite Prescription" is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, gentle, grating, invigorating tonic and nerve-tonic, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists and confectioners guaranteed. Six wrappers around a bottle. Price \$1.00 a bottle, or six bottles for \$5.00.

A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for ten cents in stamps.

Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 665 Main Street, Buffalo, N. Y.

**Women and Her Diseases.**

is the title of a large illustrated treatise, by Dr. R. V. Pierce, Buffalo, N. Y., sent to any address for ten cents in stamps. It teaches successful self-treatment.

**The Latest and Greatest Discovery.**

Dr. J. De Prati's Hamburg Figs.—A crystallized fruit cathartic. A discovery of the greatest interest to the Medical Profession. A boon to every household. A most delicious laxative or purgative prepared from fruits and vegetables. So perfectly has it been made that it can be given with entire safety to an infant. So efficacious to adults that a single dose will prove their value, and so elegant a preparation that it needs only to be presented to the household to become necessary in every household throughout the land. Ingestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable; they are positively unaffected in their action, and this is the only medicine ever offered to the public that is capable of attacking and removing that which children will eat the figs as easily as candy. For sale by every rugist throughout the world. Price, 25 cents a box. J. J. Mack & Co., Prop's, 9 and 11 Front Street, San Francisco, Cal.

**The Perfection.**

Of the age in the medical line is the liquid fruit remedy, Syrup of Figs, manufactured only by the California Fig Syrup Co., San Francisco, Cal. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. For sale by Wm. Pinniger, Reno, Nevada.

**Saves The Children.** They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy positive cure. It saves hours of anxious watching. Sold by

W. PINNIGER, Druggist.

**Heart Disease.**

Read the hospital reports, read the mortality reports, read the medical publications, and you will find that heart disease, how wide-spread it is, heart disease, how difficult of detection it is to most people, how many and how sudden are the deaths it causes. Then read Dr. Flint's Treatise on Heart Disease, and learn what it is, what causes it, what disease it gives rise to, and how to prevent it, and how it can be attacked. If you find that you have heart disease, ask your druggist for a bottle of Dr. Flint's Heart Remedy. The treatise may be had on application to J. J. Mack & Co.

No. 9 and 11 Front street, S. F.

**Wonderful Cures.**

W. D. Hoyt & Co., who sale and retail druggists of Rome, Ga., say: "We have been using Dr. J. De Prati's New Cat-R-Cure Electric Bitters, Bucknell's Aronia Bitter for two years. Have never handled remedies that sell so well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pneumonia and consumption have entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We assure you, they always work. Sold by us."

J. J. MACK & CO.

**Acker's Blood Elixir.** The only Blood Remedy guaranteed. It is a positive cure for Ulcers, Eruptions, or Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it.

W. PINNIGER, Druggist.

**Piano Tuning.**

Jacob Zech is in town and is ready to put pianos in good tune. He can be found by leaving word at R. Herz Jewelry store.

**Glenbrook Items.**

Says the Carson Union: The boiler for the company's new steamer has arrived and is being put in place. The steamer will be put in readiness for her trial trip about the 15th instant.

The floating barge or "hotel"—the Little Van, which is anchored in Glenbrook bay, was recently boarded by a number of visitors. There are ample accommodations for the crew and 16 tourists. The state rooms are elegantly furnished, and the dining room is recherche. Every delicacy of the season is found on the tables, and no better appointed hotel is kept. Captain Lapham and wife make their home there during the Summer season and are much envied by their less fortunate friends.

D. Phalen has finished the masonry and plastering at the Tallac Hotel.

Business is at a standstill, as the logging camps cannot yet supply sufficient logs to keep the mills running. Both mills are shut down and the trains drawn off the railroad. Glenbrook is consequently indulging in a grand holiday week and preparing also for a grand time on the Fourth of July.

The Tennessee tourists are enjoying themselves very greatly and are delighted with the beautiful scenery and delightful climate at the lake—which, by the way, is destined to become a Saratoga of the Pacific Coast.

**A Scarce of Miners.**

The White Pine News says miners are getting scarce in the country. The Superintendent of the Spruce-mont mines wrote to Taylor that he wanted 20 good miners, but there are no idle miners in Taylor. The News attributes the scarcity of miners to the low rate of wages—\$3 per day. It says good miners are drifting away to other localities where, if the wages are no higher, they can live much cheaper. Nevada is not a \$3 country, and Taylor, especially, is too high a place to live in at that figure. The consequence is that good miners will drift away to more favored localities and, instead of having the best, as in times past, the outlying Nevada camp will have to employ men who know nothing of mining, and who will be a dearer article at \$3 than men who know their business at \$4.

**Severe Hail Storm.**

The Silver State says County Assessor Riley returned yesterday from Lovelock. He says there was a severe hail storm at the station Tuesday afternoon. The hailstones were as large as marbles, and broke windows and cut alfalfa badly. The hail just touched a corner of Captain Marzen's ranch, a mile from the village, and did not reach the lower part of the meadows. It was accompanied by heavy peals of thunder and vivid flashes of lightning, and was followed by a heavy rain storm, which extended all over the lower Humboldt Valley and lasted several hours.

**Illness of a Millionaire.**

Says a San Francisco correspondent of the Stockton (Cal.) Mail: James C. Flood, the millionaire, is a very sick man and the public may expect to hear of his death any moment. He went some weeks ago to Paso Robles Springs for his health and has returned to San Francisco not a bit improved. His nerves are said to be badly shattered. He is said to have lost his grip on business and pleasure alike and now has little care for anything more than a bowl of soup, a careful nurse and a warm room.

**Can't Sleep.** Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Do you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c.

W. PINNIGER, Druggist.

**Trees and Hay.**

Fifty White Willow, 100 California Beech, 500 White Elm, 100 Black Locust, 1500 Black Walnut, 1000 Chestnut from root up to 10 ft. tall. B. F. LYTTLE, Reno, Nevada.

**The Combination of Ingredients used in making Brown's BONCHIAL TROCHES is such as to give the best possible effect with safety. They are widely used in the treatment of Coughs, Cold, Throat, Lungs, and Asthmatic troubles. Price, 25 cents a box.**

**ARE YOU MADE miserable by Ingestion, constipation, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Osburn & Shoemaker.**

**POWDY-PEPSIA and Liver complaint you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure. Sold by Osburn & Shoemaker.**

**Astonishing Success.**

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing consumption, severe coughs, croup, asthma, pneumonia, and in all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers in the United States and Canada.

**Merit Will Tell.**

Was never better demonstrated than when "Fryer's Abletene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abletene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

**An Absolute Cure.**

The ORIGINAL ABLETENE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of sores. Ask for the ORIGINAL ABLETENE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 50 cents.

THE REV. GEO. H. THAYER, of Marion, Ind., says: "Both myself and wife and two sons live to SHILOH'S CONSUMPTION CURE." Sold by Osburn & Shoemaker.

FRIDAY JUNE 3, 1887

Nevada is at the mercy of the foreign manufacturer. No other State is similarly situated. The orange we hold is sweet, but others are permitted to suck it. Thousands of dollars that come in contact with no returning arteries drift from us annually through channels of trade. The consumption of cured pork is enormous in Nevada. Considering the population, and though the finest quality of pork in the world can be produced here, we depend upon Eastern and California packers for our supply. The construction of a pork-packing establishment in this State has been agitated to some extent, but unfortunately no one has become sufficiently interested in the matter to invest money in such a venture. The resources of the State are such as will insure success to an enterprise of this description, and it would also have a salutary effect upon the agricultural districts of Nevada. But little attention is paid to the production of grain by the farmers in Nevada, owing to the fact that there is no home market of any consequence, and it would be impossible for them to compete with the California producer. A pork-packing establishment would change the present situation very materially, and would bring into existence an industry that would be profitable to all concerned in it. Hogs thrive in this State, and can be raised without much care or expense. Grain of all kinds yields heavily, particularly peas, which are regarded as excellent hog food. Alfalfa can be produced anywhere, and our climate is well adapted for the culture of swine. A ready market for pork would insure the farmer a paying home market for his grain. The packing enterprise could not be planted in a more promising locality to insure its success. As before stated, the consumption of ham, bacon and lard in this State is very large, and this trade would surely be guaranteed an enterprise of this description, provided a good article was assured. There is no reason why just as good hams as are made in Chicago, Cincinnati and elsewhere could not be made here and at no greater expense. Under such circumstances the steady drain upon the finances of our people would be stopped and the immense amount of wealth that is contributed annually by the people of Nevada to the pork packers of some distant State would be circulated among our own people and money would be plenty and our commonwealth prosperous.

Considerable has been said upon the superior advantages to be gained from a "little farm well-tilled." There are any number of farmers who think that it is impossible for them to make a bare living on anything less than one hundred and sixty acres, and it has been encouraged by those who ought to know better. It is a fact susceptible of the most convincing proof that twenty acres of valley land almost anywhere in this section, with sufficient water for irrigating purposes, and properly handled, will support a family in comfort and even competence. But the secret of the matter lies in those two words, "properly handled."

The pressure in favor of an extra session of Congress as early as October has gained such headway that it is thought that the President will be forced to yield to the wishes of the party leaders.

### TELEGRAPHIC BREVITIES.

—Bar silver, 95%.

—Four thousand miners in Borinage District, Belgium, who returned to work, have again gone on a strike.

—Mrs. Chiari Cignaralo has been condemned to be hanged in the Tombs in New York, July 22d, for the murder of her husband.

—The Pope has finally decided that Cardinal Durende shall represent the Vatican during the Queen's Jubilee celebration in London.

## TO-DAY'S NEWS.

### Officials Receiving Infernal Machines.

### TREASURY STATEMENT.

### Ex-Vice President Wheeler in a Dying Condition.

### A CYCLONE IN GEORGIA.

### "The California Diamond" to be Married.

### [PRESS DISPATCHES TO THE GAZETTE]

### A Terrible Affray.

LITTLE ROCK, Ark., June 3.

The Gazette's Conway, Arkansas, special says: "Information was received to-day of a terrible affray between three young farmers, during a spelling bee at a church in Harvey township, 15 miles from Conway, Dan and Albert Mabey and Tom Middleton. The latter and Dan Mabey were rivals for the hand of a neighborhood belle. Saturday night they called Middleton out of the church and accused him of lying, seized him and began stabbing him with a knife. During the affray, which emptied the church, several shots were fired, one of which struck Middleton and another mortally wounded Dan Mabey. Albert Mabey was also seriously shot. Dan died on Monday. Albert disappeared, and Middleton is reported dying this morning.

### Officers Receiving Infernal Machines.

NEW YORK, June 3.

Police Captain Williams received an infernal machine by express to-day, and barely escaped the results of an explosion by dropping it into a bucket of water, when the machinery in it began to work. Another dynamite machine of intricate construction was given by an unknown man to an expressman in Jersey City to deliver to Inspector Byrnes, but the expressman took it to the police headquarters, where it was carefully opened without causing an explosion. It is not known whether both machines came from the same source or not.

### Protection for New York Harbor.

NEW YORK, June 3.

At a meeting of the New York Chamber of Commerce the defenseless condition of the New York harbor was considered, and it was suggested that in the event that the Government did nothing that the city should proceed to defend itself. The purchase of eight or ten rams for the defense of the harbor was recommended, and it was decided to consider the subject at the next regular meeting. A resolution was unanimously adopted indorsing the action of Secretary Whitney in providing for the naval reserve merchant seaman.

### A Committee Recommended to Settle the Fisheries Dispute.

NEW YORK, June 3.

A special from Ottawa to the Tribune says: The Government regrets that complications which have arisen out of a misunderstanding over the fisheries, and has come to the conclusion to recommend that a committee be appointed to meet a committee of the U. S. Government and debate the whole question with a view to arranging a treaty on terms similar to those contained in the treaty of Washington.

### Want Quarantine Regulations Modified.

SPRINGFIELD, June 2.

A committee of stockmen, representing the leading cattle-growers of the State, presented a resolution to the Governor to-day stating that pleuro-pneumonia exists in this State only in a circumscribed district in Chicago. The Governor was requested to have other States which have quarantined against Illinois, modify their regulations. The Governor agreed to comply with the request.

### Treasury Statements.

WASHINGTON, June 2.

Statements prepared at the Treasury Department show there was a decrease of \$4,471,300 in the circulation during the month of May, and a net increase of \$10,950,789 in cash in the Treasury during the same period. The coinage of the Mints during May amounted to \$4,802,575, of which \$2,900,000 were standard silver dollars.

### Cyclone in Georgia.

ATLANTA, Ga., June 3.

A cyclone passed through Western Georgia last night from north to south, in Fayette, Corveta, Campbell, Carroll and other counties, and much damage to crops is reported, and large numbers of houses were swept away. There is no loss of human life so far reported.

### A Defaulting Judge.

GRAND RAPIDS, Mich., June 2.

Judge of Probate Follett has disappeared. He has not only stolen thousands of dollars from estates and funds intrusted to his care, but is also a forger to the extent of \$30,000. His misdeeds are due to speculations in wheat on the Chicago Board of Trade.

### Ex-Vice President Wheeler Reported Dying.

ALBANY, June 2.

A special from Malone, New York, says ex-Vice President William A.

Wheeler is dying. He is unconscious, and while he may live several days, his death at any moment would not be unexpected.

ALBANY, June 3.

The Malone Palladium has the following statement of the critical illness of ex-Vice President Wm. A. Wheeler: "For ten days he has been conscious and rational only at intervals and for the past two or three days in a stupor for the greater part of the time. He is suffering from softening of the brain, and there are indications of approaching paralysis. A carbuncle has appeared and has become an element of further weakness. It seems impossible that he can rally and his death at any hour would not be surprising, though he may survive for several days.

### The United Presbyterians.

PHILADELPHIA, June 2.

At the evening session of the United Presbyterians, an attempt was made to reopen the instrumental music question, but a series of resolutions, offered by Rev. Dr. Carson to this end, were laid on the table. A resolution offered by Dr. Carson, "That it is very desirable that this difficulty should be, if possible, speedily settled," was, however, adopted.

The committee on Bible and overtures reported relative to a memorial looking to a union with the Reformed Presbyterian Church, and recommending the appointment of a committee of six to confer with a similar committee to be appointed by the Reformed Presbyterian Synod, now meeting at Newburgh, and that a delegate be appointed to proceed forthwith to carry fraternal greetings to the reformed Presbyterian Synod, and to report the action of the Synod. The report was adopted and a delegate appointed.

### Murder and Suicide.

PHILADELPHIA, June 3.

G. Hall shot and killed Mrs. Lillian Rivers here this morning. The couple were living as man and wife under the name of Burton. Mrs. Rivers was the wife of James Rivers, an actor known in the profession as James Reynolds. A remarkable coincidence with the present tragedy was the attempt of Rivers to take Mrs. Rivers' life April 19th for keeping company with the man Hall, who to-day succeeded in doing what Rivers had attempted two months ago. After shooting Mrs. Rivers, Hall cut her throat and then cut his own and is now lying at the point of death. Hall is a poet and actor, but has not been very successful in either profession. Jealousy is probably the motive for the tragedy.

### Churches After the Postal Department.

NEWBURG, N. Y., June 3.

The Synod of the reformed Presbyterian Church of America, in session here, has adopted a resolution declaring that a violation of the Sabbath by the Postoffice Department is one of the greatest sins of the Government, as well as one of the greatest causes of Sabbath desecration throughout the whole commonwealth; and calling upon organizations of all the Evangelical bodies in the United States to combine in order to secure the entire abolition of whatever in the Postoffice Department is in violation of the Sabbath law.

### After Higher Wages.

PITTSBURG, June 2.

The officials of the Amalgamated Assembly of Iron and Steel Workers are busy preparing for their annual convention and wage conference next week. The workmen have decided to ask for an advance of wages of 10 per cent., or 50 cents per ton of an increase over present wages. The manufacturers claim the condition of the trade does not warrant an increase in the scale, while the workmen hold that the "good times of last year and the prospect for the future will fully justify an advance."

### Driving Cattlemen Off the Indians' Land.

SANTA FE, N. M., June 3.

To-day the President's message was officially promulgated, clearing all trespassers off the reservation in Northern New Mexico, to which the Jicarilla Apaches have just returned. The order does not affect settlers who have acquired title under the land laws of the United States. Herding or grazing on land belonging to the Indians is forbidden. This will require the removal of large herds now on the reservation belonging chiefly to Colorado cattle men.

### Cleveland Says He Is Not Going to Make a Western Tour.

NEW YORK, June 3.

A special to the Herald from Saranac Lake says: Your correspondent yesterday asked the President about the story that he intended to make an extended western tour this summer. Cleveland said he was glad to learn that he is contemplating a transcontinental trip with a possible visit to Alaska. He had never heard of it before, but presumes it must be true if the newspapers say so.

### A Life Saving Hero Shot.

NEW YORK, June 3.

Captain Jack Hussey, of Castle Garden, savior of 34 persons from drowning and the proud possessor of a number of medals of honor from Congress, the Legislature and other bodies, was fatally shot through the body to-night by Policeman C. Hams in front of his own house. Hussey is dying at Government Hospital.

### Death of a Democratic Politician.

LITTLE ROCK, Ark., June 3.

Gen. R. C. Newton, a leading lawyer, and since the war one of the most prominent Democratic politicians in this State, died last night. He commanded the Arkansas forces during the Brooks-Baxter war of 1874, and was the chief spirit of the element that triumphed.

### Heavy Suite for Damages.

BOSTON, June 3.

George Fred Williams has brought 32 suits against the Boston and Prov-

idence Railway Company, as attorney, for those injured in the recent disaster at Bussey bridge. The damages claimed in these cases vary from \$500 to \$50,000, and aggregate over \$400,000.

### FOREIGN DISPATCHES.

The Thistle a Fast Yacht.

LONDON, June 2.

The race under the auspices of the new Thames Yacht Club to-day was won by the Thistle, which beat the Irex by two minutes and twenty seconds.

To-day's performance confirms the universal opinion of the Thistle's splendid capacity. Some experienced English yachtsmen say she is the finest racing yacht afloat. The Wander takes the first prize. The Thistle, although first in, takes third place under the time allowance.

### Later From the Paris Horror.

PARIS, June 3.

The La France says the police authorities are keeping from the public the actual number of deaths resulting from the Opera Comique fire. Many bodies, it says, have been taken from the ruins and removed to the morgue, unknown to the people. The La France estimates the real number of lives lost by the fire at over 200. Mademoiselle Blondell, a lady who was in the theater when the fire broke out, has just died from the effects of the nervous fright experienced in her escape from the burning building.

### Kapilani in England.

LONDON, June 2.

Queen Kapilani and suite arrived at Liverpool to-day. A royal salute was fired in honor of Her Majesty. The Mayor and a guard of honor, composed of police and soldiers, met the royal party at the wharf and escorted them to the Northwest Hotel in state procession. Queen Kapilani will proceed to London on Monday.

### WESTERN DISPATCHES.

"Little Nell" to be Married.

SAN FRANCISCO, June 3.

A private telegram from New York states that Nelly Gibson, formerly of Virginia City, Nevada, known as "Little Nell, the California Diamond," is engaged to be married to Sothern, a son of "Lord Dundreary" Sothern. She is now known on the stage as "Helen Daupray."

### HOTEL ARRIVALS.

**DEPOT HOTEL**—George Benham, Ohio; W. S. Baxter, Chicago; W. H. M. Cobb, Grass Valley; R. R. Morrison, W. E. Horne, N. Frayer, Alabama; H. B. Burris, Boston; E. Birch, Wadsworth; T. W. Healy, Carson; H. H. Wells, San Francisco; Mrs. D. Wells, Utria; W. A. Lewis and wife, Miss M. Lawrence, Miss Alice Munday, Miss N. Lewis, Petaluma; E. L. Case and friend, Sierraville; James A. Pritchard, Carson; Frank Chapman, Denver; Wm. Lord, Oakland; W. S. Baxter, Chicago.

**PALACE HOTEL**—J. R. Murray, Greenville; Wm. Sanders, Fred Sanders, Reno; Alexander Baden, Boe; C. Maynard, L. E. Grove, San Francisco; Mrs. S. Hogan and daughter, Chicago; Ike Kahn, Lundy; James McCormick, Virginia City; M. Harney, N. and O. R. R.; J. P. Davis, Hawthorne; Walter Schmitz, White Plains; Thomas Froor, Gold Hill; Alex. Hugh, Clem Ogg, Garfield; Charles O'Neil, Virginia City; John Rosewarne, Eureka Mills; A. W. Richardson, Truckee.

**LAKE HOUSE**—Thomas H. Fox, Stillwater; F. A. Farnum and wife, Steamboat Springs; Mrs. Daly, Virginia City; John Scott, Sacramento.

**LAFAYETTE HOUSE**—J. Bouras, N. Gagnon, Stockton; John Monroe, Sacramento; Nat. Dorney, Truckee.

### JOTTINGS.

Wanted—200 lively, tame pigeons by Saturday morning at 10 o'clock. No squabs will be accepted. I. N. Bakerless.

Thomas Barnett still continues to sell the latest styles of men's and boy's clothing and general furnishing goods dirt cheap at his well-known clothing emporium.

If there is anything in this world that will give a man a voracious appetite it is the fine display of the rich, juicy meats that hang on the hooks in the market of J. Frazer.

Coffin & Larcombe have just received a supply of nice Spring chickens, fat and tender, and just the thing for a nice Sunday dinner. They also keep pure family teas and coffee.

Go to F. Holster's for sweet butter, fresh hams, bacon, dried fruits, lard, flour, fine canned goods of every description, codfish and everything else in the line of groceries.

C. J. Brookins' literary establishment is loaded with the latest periodicals and magazines, and a complete assortment of the most interesting works of the best modern authors.

Mrs. Alt will give her usual social dance at Armory Hall on Saturday night. These socials are pleasant and particular attention is paid to the welfare of strangers who attend them.

E. C. Leadbetter, the family grocer, believes in quick sales and light profits, and is selling off his choice stock of groceries at satisfactory rates. Fresh butter, eggs, cheese and nice fruits at the lowest possible retail price.

C. A. Thurston keeps all the latest novelties in the way of fine stationery, lead pencils, inks, pass books, blank books, etc., all of which he is virtually giving away. Give him a call and get the benefit of bedrock prices.

Everything in the clothing line, from a necktie to a fine suit of clothes, can be found at the White House furnishing emporium of Abraham Brothers. Go and examine their immense stock before purchasing elsewhere.

### LOCAL EARTHQUAKES.

#### SEVERE SHOCKS IN THESE PARTS.

**Renoites Awakened at an Early Hour this Morning by a Rumbling Noise and the Swaying of Mother Earth—Heavy Shocks at Virginia City and Carson—Considerable Damage Done at the Latter Place—Shaw's Hot Springs Dried Up—Strange Phenomenon at Steamboat Springs.**

This morning about ten minutes to 3 o'clock Reno was visited by the most severe earthquake shock ever experienced in this vicinity. The first shock seemed to come in the form of a wave, immediately followed by an oscillating movement from the southwest to the northeast. The earthquake was accompanied by a low rumbling noise, such as would emanate from distant breakers, yet there was no atmospheric disturbance in the shape of wind. Those who were awakened describe the sensation as very peculiar, and though the shock was of short duration it appeared to be longer than it really was. Ornaments were toppled over, pictures hanging on the walls were swung backward and forward, clocks stopped, and it is stated that the bell of a "dead" engine on the Central Pacific track near the depot tapped. No buildings were seriously injured. In several it is said the plastering was cracked and loosened in places. Many of those who were awake hurriedly donned their clothing and were in readiness to leave their rooms in case of another shock. After the disturbance was over the air became quite chilly, changing probably 10 or 12 degrees.

In Carson the shock was also severe. One of the walls of the Bullion Bank at that place, brick structure, was cracked and the plastering was knocked off, but so far as reported no serious damage was done.

In Virginia City the shock was also severe, but no damage is reported either in the mines or to buildings. So far as can be ascertained the shock was not felt in San Francisco, but in Northern California there was a slight shock. This would indicate that the disturbance was confined to a strip of territory north of the Golden Gate and eastward.

No news has been received at this writing from the southern or eastern portion of Nevada, but it is presumed that the severity of the shock was confined to this portion of the State. It is almost miraculous that no damage was done in Virginia City, where the entire eastern slope of Mount Davidson from A street eastward is standing on timbers. It is also remarkable that the mines are not injured. It has always been supposed that an earthquake shock, though not of great severity, would cause a terrible disaster along the Comstock lode, but the shock this morning has exploded this idea and demonstrated the fact that it will take a hard shake to interfere with the deep underground work in those mines.

**LATER**—Tip Clark, an engineer on the Virginia and Truckee Railroad, who was stopping at the Molinelli House in Virginia, states that the shock there was quite severe and was felt by the miners deep down in the mines. The guests at the International Hotel, who were aroused by the shock, left the building in great alarm. So far as our informant could ascertain no damage was done to property.

In Carson, he says, the shock was much heavier than in Virginia. Cans were turned over, and in one building a cow-bell, suspended by a strap, ding-donged in good shape. A flat car standing on the side-track at the Virginia & Truckee shop in Carson, with the brake on, had the brake thrown off, and it started down the road toward the heavy gates that inclose the side-track, and went crashing through them. Nearly everything in the shape of barrels, kegs, etc., were visibly affected.

At Steamboat Springs a strange phenomenon took place. The steam arising from the springs was increased in density, and the volume of water also increased and is said to be much warmer than previously.

**The Latest.**

The following special dispatch to the GAZETTE was received from Carson this afternoon. "The earthquake at 2:45 A. M. cracked the Capitol in many places; also, the State Printing Office, Mint, and many other buildings; also, dried up Shaw's hot springs; left large cracks in the earth near Cradlebaugh's ranch, and did considerable damage at Genoa. Great uneasiness still exists among the people in anticipation of a repetition of this morning's quake."

**GENOA, Nev., June 3.**

The earthquake shock here was so severe as to throw bricks from chimneys, while the plastering fell from the walls of houses and a number of brick buildings were damaged. A second shock of like force would have destroyed every brick building in the town.

**SAN FRANCISCO, June 3.**

Dispatches from Virginia, Nev., Murphy's, Chico, North San Juan, Downieville, Truckee, Amador and Marysville, Cal., state that a severe shock of earthquake occurred this morning, the vibrations lasting from four to thirty seconds.

**VIRGINIA, Nev., June 3.**

The most severe shock of earthquake ever experienced on the Comstock occurred at 2:47 o'clock this morning, which lasted fully thirty seconds. The vibrations were east to west.

### PERSONAL.

Judge Healy, of Carson, is in town to-day.

E. H. Hamlin, of Sierra Valley, is in town to-day.

M. D. Foley, of the Bank of Nevada, left this morning for Eureka.

Mrs. M. D. Foley left on last evening's overland for San Francisco.

R. K. Morrison, of the Richmond reduction works, Eureka, was among the passengers on this morning's east-bound overland.

B. Gilman, Superintendent of the Eureka & Palisade Railroad, passed through Reno on this morning's overland train, homeward bound.

The Misses Mary and Irene Young, daughters of Justice Young, left on last evening's express train for California, where they will visit for several weeks.

### Reno Bicycle Club.

Reno has probably more bicyclists than any town of its size on the Pacific Coast. Several of them met recently at the Masonic Ball and organized a bicycle club. The following were elected as officers of the organization: Claude Jaques, President; L. Eugene Lee, Secretary and Treasurer; Charles M. Fassett, Captain; George R. Mosher, Bugler. Following is a list of those who have taken membership in the club: Lisle Jamison, G. R. Mosher, C. M. Fassett, L. E. Lee, C. F. Jaques, Seymour Bryant, P. Jacobs, E. Barber, L. Winter, M. Tel, Harry Martin, Jules Vincent and Ed Graff. A few of the riders of the "silent steed" have decided to enter in the bicycle races during the State Fair this Fall. This will prove quite a novelty, as bicycles have never been introduced in this section of the country till quite recently. The club will probably form in the Fourth of July procession.

### Get a Balloon.

If the negotiations between the Fourth of July committee and a San Francisco aeronaut terminate successfully the balloon ascension on Independence Day here will be a great sensation and people from all the surrounding country will come to witness it. The committee could not have conceived of anything that would be as attractive or that would bring more strangers to Reno. It is a novel sight to see a monster balloon with a human being on board sailing off through space, and many of those who never witnessed anything of the kind would come miles to see it. Get the balloon man by all means.

### Addition to Hotel.

V. Bonnotte, proprietor of the French Hotel on Lake street, between Commercial Row and Second street, is constructing a large addition to his place of business.

The addition is on an adjoining lot, is two stories high, has a frontage of 25 feet and a depth of 30 feet. On the first floor will be a spacious parlor and three bed-rooms, and on the second floor four large bed-rooms. The front of the addition is being so constructed that it appears as a part of the main, or old, structure. When the cornice work is all in place and the front porches constructed the hotel will present a fine and imposing appearance.

### Iron for the Penitentiary.

A burglar from Eureka county arrived here in charge of an officer last night on his way to serve a seven-year's sentence in the State Prison. He was so heavily ironed that it was almost impossible to get a view of him for the shackles, hand-cuffs and chains he wore. If he had been shipped as freight it would have bankrupted that county.

It is thought that the sudden precipitation of this great weight in Washoe county produced the earthquake this morning. It will take Frank McCullough a week to determine whether Eureka has sent him a junk shop or man.

### An Accident at Virginia City.

A special dispatch from Virginia City to the GAZETTE says: "As a cage with four miners, namely, Richard Pasco, Luke Quinlan, McDonald and McCabe were being lowered in the Chollar shaft this morning the brake of the engine in some manner slipped, and the cage with the four miners fell some 200 feet. None of the miners were killed, but Pasco cannot live."

### Steamboat Springs Sunday.

A grand shooting match, free to all, will take place at Steamboat Springs next Sunday for a gold medal and \$200 in gold coin. There will also be a shooting match for a purse of \$250, Ed Hamilton, of Silver City, and James Malcombe, of Virginia City, being the contestants.

### Knights, Attention!

The members of Amity Lodge No. 8, K. of P., are requested to attend their regular meeting in Masonic Hall this evening, for the election of officers and transaction of other important business.

Order S. J. HODGKINS, N. C. C. G. R. Mosher, K. of R. and S.

### R. A. M.

All sojourning Royal Arch Masons are cordially invited to meet with Reno Chapter No. 7, at their hall next Monday evening, June 6th, to receive the M. E. Grand High Priest of this jurisdiction.

### L. L. CROCKETT, Sec'y.

### BREVITIES.

**Local and General News.**

Carson got the better of Reno for once on earthquakes.

Sheepmen disposing of their new wool crop are getting 21 cents a pound for it.

The Humboldt river is lower than it was ever before known to be at this season of the year.

The Eureka Co. Company shipped last Tuesday nine bars of bullion valued at \$20,600 04.

Travel to the Yosemite Valley is nearly equal to that of the corresponding season of last year.

The rainstorm at Truckee on Wednesday last is reported to have been the heaviest there in five years.

The capital stock of the Gould and Curry and Best and Belcher mines were each assessed 50 cents a share to-day.

The present weather, says the Pioche Record, reminds one of an attack of the fever and ague. One minute it's too cold and the next it's too hot.

F. Martin and T. Smith, who recently plead guilty to the charge of burglary, were each sentenced this morning by Judge Bigelow to two years in the State Penitentiary.

The Pacific Coast Steamship Company has made a round-trip passenger rate between San Francisco and Portland of \$30, the tickets being good for 45 days. Meals and berth are included.

The stock yards at Carson have been completed, and yesterday morning T. B. Rickey made from them the first shipment of cattle, consisting of 90 head of prime steers.

It is said that the Regents of the State University are receiving a great many responses to the circular sent out by them in regard to a suitable person for President of the institution.

This is the way the Pioche Record puts it: The belles of Pioche are dusting up their old cotton-back velvet saucers in anticipation of the coming picnic, to be held in Condor Canyon on the 5th of June.

The silver and nickel miles discovered in the range about six miles east of Lovelock are said to be looking well. The silver ore assays \$200 per ton, and there is said to be large quantities of nickel in sight.</
